Pregnancy, acute granulocytic leukemia in: apparent acceleration by prednisone, 194
Premature contractions, certain, in acute myocardial injury, significance of serial "K" determinations and of, 87

Procaine amide, reversal of cardiotoxic effects of, by molar sodium lactate, 177
Proteins, serum in hemochromatosis, electrophoretic studies of, 566
Proteinuria in adolescents and in adults, ACTH or adrenocortical steroid therapy of, 545
Pulmonary artery occlusion, roentgenographic signs of, 651
blood pressure and flow, effect of changes in, on lung's capillary bed, using diffusing capacity for CO as index of size, 793
embolism, major, roentgenographic aid in diagnosis of, 608
tuberculosis, effect of l-triiodothyronine in, 27
Puntereri, A. J., *see* Danowski, T. S., *et al.*, 545

Q

Quinidine, reversal of cardiotoxic effects of, by molar sodium lactate, 165

R

Transaminase, glutamic oxalacetic acid, versus lactic dehydrogenase as diagnostic test for myocardial infarction, 768
Transaminases in serum and liver correlated with liver cell necrosis in needle aspiration biopsies, 323
Transfusions, nonspecificity in blood, 218
Transmission in sympathetic ganglia of rat, 264
  synaptic, general physiology and pharmacology of, 262
Treatment, insulin-Orinase, in maturity-onset diabetes, significance of effectiveness of combined, 1
  of combined mitral stenosis and regurgitation, simultaneous mitral comissurotomy and cross-polar plication (annuloplasty) in, 78
  of disease, alcoholism, 125
  of mumps orchitis with prednisone, 749
Triacetyloleandomycin, erythromycin propionate and erythromycin stearate, effect of food on absorption of, 693
l-Triiodothyronine in pulmonary tuberculosis, effect of, 27
Trypsin, use of buccal, in 2 diabetics with nephrotic syndrome, 559
Tschetter, N., *see* Tenney, S. M., 23
Tuberculosis, pulmonary, effect of l-triiodothyronine in, 27
Tummillio, M., *see* Nodine, J. H., *et al.*, 27
Tumors of testis, therapy of metastatic trophoblastic, 42

U

Ulloa, A., *see* Holley, H. L., *et al.*, 345
Upper respiratory disease, recent developments in, 115
Uremia and delirium tremens, intracellular magnesium in, 413
Uricchio, J., *see* Sinha, K., *et al.*, 78

V

Varices, esophageal, portal hypertension with, in acute infectious hepatitis, 596
Vascular, peripheral, dynamics of bowel function, 453
Vectorcardiographic reference system, electrically balanced bipolar: lead analysis and lead synthesis using dR factor, 759
Vectorgram, comparative, analysis, human torso as volume conductor by: dR factor, 612
  comparative: simple method for analysis of lead similarity, 434
Ventricular contraction and coronary vein color in nonischemic hearts and in experimental acute localized ischemia, effects of levarterenol on local electrocardiogram, myocardial oxygen, 129
  function curve, effect of sympathetic, parasympathetic and carotid sinus stimulation on position of: central nervous system control of myocardial contractility, 131
Viruses, animal, transmissible to man, 359
Volk, B. W., and Lazarus, S. S., Significance of effectiveness of combined insulin-Orinase treatment in maturity-onset diabetes, 1
Volume conductor, human torso as, by comparative vectorgram analysis: dR factor, 612
